25X1

25X1   10. [   ] Called Les Janka, NSC staff, and
mentioned the follow-up call I had received from Mike Oppenheimer, GAO,
and told him that we were getting into an awkward position on this matter.
Janka acknowledged that the matter was pending with Dr. Kissinger and said
that as I had understood there was no objection to our advising GAO that
we were awaiting NSC guidance on this matter.

25X1   11. [   ] Informed Charles Snodgrass, House
Appropriations Defense Subcommittee staff, and Noel Daoust, House
International Relations Committee staff, that there was a Presidential
finding to report in a timely fashion.   Snodgrass said the report would
have to occur after the recess and Daoust will inform Marian Czarnecki,
Staff Director.   Both Frank Slatinshek and Bill Hogan, House Armed
Services Committee staff, are on vacation and we will inform them on
Monday.

25X1   12. [   ] Accompanied [   ] and Ted   25X1
Shackley, C/EA, to a meeting with Charles Snodgrass, House Appropriations
Defense Subcommittee staff, concerning the upcoming trip to the Far East
by members of the Appropriations Subcommittee and his interest in
meeting our COS's and identifying any unique value attendant to Agency
25X1   management of certain [   ] programs.

25X1   13. [   ] Spoke with Dr. Richard Grimmitt,
Congressional Research Service, Library of Congress, concerning his
inquiry of Friday relating to the Director's statement of 4 August 1975 before
the House Select Committee on Intelligence.   Grimmitt has said that the
State representation on the 40 Committee and the NSC Intelligence Subcommittee
appeared to be reversed.   I advised Dr. Grimmitt that his observation
was completely accurate and that the Director's statement was in error.
I told Grimmitt we appreciated his bringing this to our attention.
